Austrian-wide telephone surveys 1995 - 2020: SWS (59)/ IFES (2)
 * N~1000 (max. fluctuation +/- 3,1 percent)
 ** N~500 (max. fluctuation +/- 4,4 percent)
 *** N~750 (max. fluctuation +/- 3,6 percent)
 **** N~600 (max. fluctuation +/- 4,0 percent)
 ***** N~550 (max. fluctuation +/- 4,2 percent)

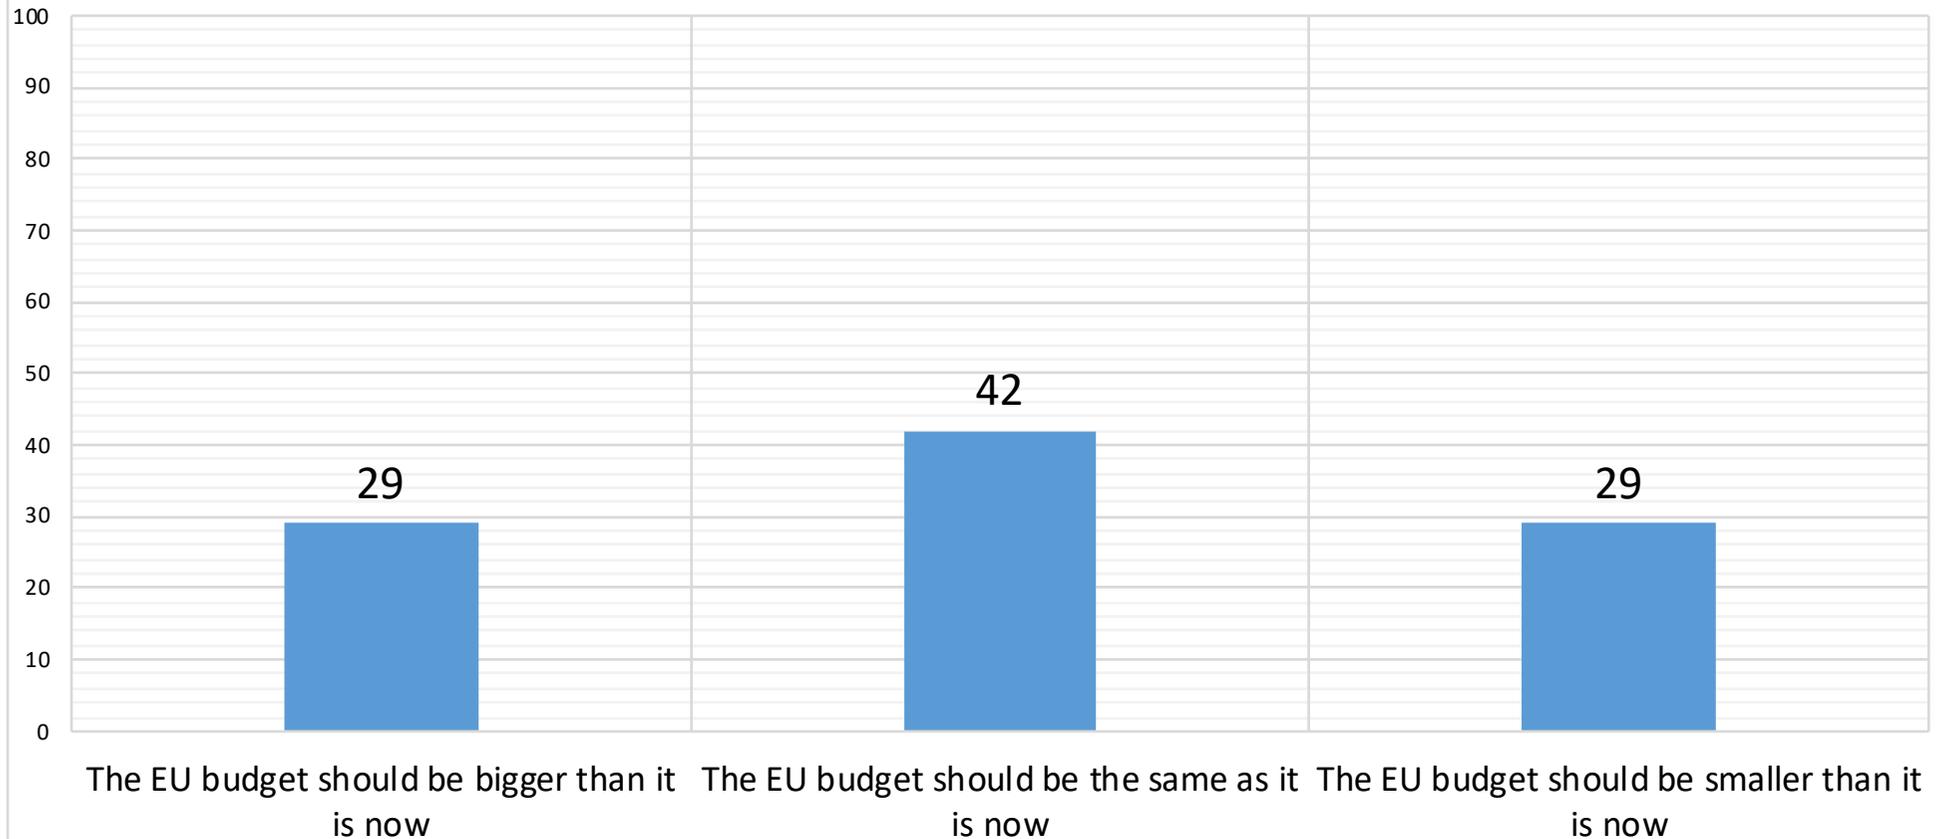

Average "remain": 70,5 percent
 Average "leave": 21,8 percent
 Average "don't know / no answer": 7,8 percent.
 Difference to 100 percent due to rounded values.

When you think about the European Union's global position: Is there a need for more EU engagement **in economic matters** or do you think that there is no need for further EU engagement?

Telefon survey Tel SWS 290, Sozialwissenschaftliche Studiengesellschaft (SWS)
30.3. - 14.4. 2020
n=512 representative for the Austrian population aged 16 +
Maximum margin of fluctuation: +/- 4,3 percent.

What is your opinion? Does the European Union need a bigger budget in order to be able to fulfil its tasks, should the EU's budget be smaller than it is now or should the EU's budget be the same as it is now?

Telefon survey Tel SWS 290, Sozialwissenschaftliche Studiengesellschaft (SWS)
30.3. - 14.4. 2020
n=512 representative for the Austrian population aged 16 +
Maximum margin of fluctuation: +/- 4,3 percent.
